1. OBJECTIVE

The goal of this Circular is to provide relevant information related to the procedural requirements for authorization of service providers to perform tasks as foreseen on IMO Resolution MSC.402(96).

2. APPLICATION

This procedure applies to all service providers pretending to be authorized to perform maintenance, thorough examination, operational testing, overhaul and repair of lifeboats and rescue boats, launching appliances and release gear installed on board PT flagged ships falling within the scope of SOLAS Convention and passenger vessels on domestic voyages (Directive 2009/45/EC as amended).

3. INTRODUCTION

1. SOLAS III/3 states that Requirements for maintenance, thorough examination, operational testing, overhaul and repair, means the Requirements for maintenance, thorough examination, operational testing, overhaul and repair of lifeboats and rescue boats, launching appliances and release gear, adopted by the Maritime Safety Committee of the Organization by Resolution MSC.402(96).
2. Resolution MSC.402(96) requires also that personnel carrying out maintenance, thorough examination, operational testing overhaul and repair shall be certified by an authorized service provider (ASP).
