Operation Manual (Renewable Energy)

9th edition

2021-12-19

Precautions for use

- This document is an operation manual for use related to renewable energy certification services (wind turbine type certification, wind farm certification, etc.).
- The word of “Drawings” in this document should be read as all documents submitted for review, including drawings, calculation sheets, data files, etc.
- Please check the operation manual for “shipyard” or “equipment manufacturer and ship design company” in case when conducting classification surveys of floating offshore wind power plant.

✓ Applicant

- ✓ There are no specific rules, so please decide the applicant according to the internal situation.

✓ Kind of User

✓ Kind of User Selection

Choose from wind power operators, EPC Contractors, wind turbine manufacturers, support structure designer, and others. In other cases, fill in the type of business as appropriate. In addition, there are no restrictions on the functions used depending on the type.

✓ User Information

! Notes on User Information entry

- 1) NK-PASS user accounts are granted to groups that share drawing information (for example, department or section units). The issued user ID and password will be shared within the group.
- 2) Even if multiple user accounts are used in the same company, information is not shared between user accounts. Please note that if you already use another user account in the company.
- 3) The user name displayed on the system after login is "Company name + User account administrator affiliation (department name)".

✓ An administrator for User Account

When setting an applicant as an administrator, check (1). In this case, it is not necessary to fill in the lower column. If you want to set an administrator separately from the applicant, check (2) and fill in the necessary information in the field below.

✓ Persons who want to receive the notification email of document receipt [Optional]

When the submitted drawing is accepted by the NK side, a drawing receipt notification email is automatically delivered. If you wish to receive a drawing receipt notification email other than the user account administrator, please fill in this form. This distribution destination can be freely added or changed on the setting page after login.

(Starting Up)

1.2 Minimum things to know

✓ Characteristics of PASS

PASS can log in from the NK website and upload large files that cannot be sent by e-mail. Also, by sharing the information of the submitted drawings with each other, we can improve the efficiency of both operations.

✓ View the status concerning your submitted drawings

PASS displays the statuses of individual hard copy drawings and electronic drawings submitted in a table

✓ Manage drawing submission

PASS helps users manage their drawing submissions in a way that prompts them to submit drawings for which the submission status is *Not yet submitted*.

✓ Notes on use of PASS

- ✓ No fees will be charged either for application submission or for use of NK-PASS.
- ✓ NK-PASS may be unable to handle certain electronic drawing files submitted. In this event, users may be asked to resubmit them.
- ✓ While no maximum period is determined for storage of text information on drawings, an upper limit on the storage period of electronic drawings will be separately determined.
- ✓ NK-PASS may be subject to service suspension for maintenance and other purposes.

✓ Screen switch menu

Clicking on the menu switch at the top of the screen will take users to the associated screen.

✓ DWG (drawing) status

The statuses of submitted drawings and the numbers of drawings in other states of progress are displayed. Click on a status, and the drawings in that category will be displayed.

✓ Message

Individual messages between a specific PASS user and NK are displayed according to the progress of the drawing examination.

✓ News/Information

Notices to all the PASS users are displayed.

✓ Request for drawing submission

Request for drawing submission of individual ship to a specific PASS user are displayed.

2. HOME Screen

2.2 Using a filter

✓ View the number of drawings by each progress status using the filter

The screenshot shows the 'DWG status' interface. At the top, there are several filter buttons: 'Returned (within 1 week) 8', 'Comment Remain/ No yet cleared 6', 'Not yet returned 514', 'Not yet returned (Overdue) 25', 'Not yet submitted 51', and 'Send Back 10'. Below the filters is a search bar with 'Advanced Search' and 'Filter: Returned (within 1 week)'. There are also buttons for 'Comment List (Excel)', 'Drawing List (Excel)', 'Download Notice of Status', and 'Download DWG'. A table lists drawings with columns: Kind of Drawing Exam. no., Rev. Drawing Name, Intended for, Submission Status, Submission Date, Scheduled Date, NK Addressee, Dept./Office in charge, NK Status, Requested Return Date, Returned Date, Comments, and Revision. The first row is highlighted with a red dashed box. Below the table, there is a 'Drawing Details' section for 'Plan Information' showing fields for 'Kind of Exam.', 'Intended for', 'Drawing No.', 'Drawing Name', 'NK Addressee', 'Classification Groups', 'Scheduled Date', and 'Drawings'.

✓ DWG Status

The numbers of drawings with different statuses are displayed.

By clicking "Not yet returned", you can check the list of drawings submitted so far, and click each drawing to display the details screen.

Other items such as "Returned" and "Not yet returned (Overdue)" are functions for ship classification surveys, so they do not function for renewable energy.

2. HOME Screen

2.3 Message

✓ Message

Individual messages between a specific PASS user and NK are displayed according to the progress of the drawing examination.

The screenshot displays the ClassNK PASS interface. At the top, there are navigation tabs: 'New Registration', 'Not yet submitted', 'Search Drawing', and 'My Data'. Below this is a 'HOME' section with a 'DWG status' bar showing counts for 'Returned (within 1 week)', 'Comment Remain/ No yet cleared', 'Not yet returned', and 'Not yet returned'. A 'Message' section shows a list of messages with a 'Filter' button and a 'Date Range' dropdown set to 'Within 1 year'. A 'Message Filter Settings' dialog box is open, showing a 'Date Range' dropdown set to 'Within 1 year'. A 'NEW' stamp is placed over the 'Message' section. A blue arrow points from the 'Message' section to the 'Message Filter Settings' dialog. Another blue arrow points from a message entry in the list to a 'Drawing Details' screen, which shows 'Plan Information' for a drawing, including 'Drawing No.', 'Drawing Name', 'NK Address', 'Classification Group', 'Note (space of survey)', 'Scheduled Date', and 'Drawings'.

✓ What is viewed in Message

- Notice of remaining comment: The completion date is approaching, although the comment remains uncleared, or a predetermined period of time has passed since the return.
- XXXX has been sent back.: The drawing has been sent back from NK.
- XXXX has been returned with comments.: The drawing has been returned with comments added by NK.
- ◆ The Shipyard and Hull No. is displayed at the beginning of the message.

✓ View a Drawing Details screen

Click on a particular message to open a Drawing Details screen regarding the drawing concerned.

✓ Narrowing a list of messages

Use the filter and specify a date range to view messages within that range.

NEW ✓ Setting of hide

- Notice of remaining comment: : Automatically hide message after clearing comments or Manually hide
- XXXX has been sent back : Automatically hide message after resubmission or Manually hide
- XXXX has been returned with comments : Manually hide

2.4 News/Information

✓ News/Information

The screenshot displays the ClassNK PASS web application interface. At the top, there is a navigation bar with the text "ClassNK PASS" on the left and user information "KADJI SHIPYARD Tech.Dept." on the right. Below this is a secondary navigation bar with icons for "New Registration", "Not yet submitted 0", "Search Drawing", and "My Data". The main content area is divided into several sections. On the left, there is a "Message" section with a "Filter" button and a "Date Range : Within 1 year" dropdown. The message list includes entries from the Hull Department and Machinery Department, dated 2019/05/22 and 2019/05/15. On the right, the "News/Information" section is highlighted with a red dashed border. It also has a "Filter" button and a "Date Range : Within 1 year" dropdown. The news content includes a section titled "Uncleared comments Filter" with explanatory text, and another section titled "Partial Deletion of Registration Data Due to System Renewal" with a notice about data deletion and contact information for departments.

✓ What is displayed in *News/Information*

Notices from NK to all PASS users are displayed. They inform you about functional updates, temporary faults, scheduled maintenance work and others.

✓ Narrowing a list of news/information

Use the filter and specify a date range to view news and information within that range.

2. HOME Screen

2.5 Request for drawing submission

✓ Request for drawing submission

The screenshot displays a software interface with a notification bar at the top containing several status indicators: '19', 'Not yet returned 187', 'Not yet returned (Overdue) 28', 'Not yet submitted 115', and 'Send Back 8'. Below this, a 'Request for drawing submission' notification is shown, enclosed in a red dashed border. The notification includes a bell icon, the title 'Request for drawing submission' with a '2' in a circle, and two entries of text: '2021/07/12 16:22 NIPPON KAIJI KYOKAI Hull Department Saito Yuichi Hull No. 1572 Notice for comment uncleared drawing.' and '2021/07/12 16:19 NIPPON KAIJI KYOKAI Hull Department Saito Yuichi Hull No. 1572 Notice for comment uncleared drawing.' To the left, a 'Reply of Drawing submission request' dialog box is open, listing various drawing types such as 'Oil Discharge Monitoring and Control System', 'Oil/water Interface Detectors', 'SBT Condition', 'Shadow Diagram', 'STS Operations Plan', 'Tank Cleaning Machine Specification', 'Cargo list', 'Discharge Arrangements to Reception Facilities', 'P & A Manual', and 'Shadow Diagram'. Below the list, there is a message in Japanese regarding Hull No. 1778 and a 'Template' dropdown menu. A red dashed box highlights the input area for the reply, and a 'Reply' button is visible at the bottom right of the dialog box. A blue arrow points from the notification to the dialog box.

✓ What is displayed in *Request for drawing submission*

Request for drawing submission (such as unsubmitted drawing and comment reply) of individual ship to a specific PASS user are displayed.

✓ Replay

Contents of request are displayed when message is clicked. After reply message are inputted in red frame and “Reply” button is clicked, the message is sent to NK.

3. Submitting a drawing

3.1 Upload and submit drawings

STEP 1 Click on the New Registration button to open the Plan Information

- ① Click on the New Registration button

STEP 2 Enter drawing information.

- ② ~ ⑤ Enter the necessary information

The screenshot shows the 'Drawing Details' form, specifically the 'Plan Information' section. The form has several fields and options, with numbered callouts 2 through 5 pointing to specific areas:

- ②: Points to the 'Kind of Exam.' dropdown menu.
- ③: Points to the 'Intended for Drawing No.' and 'Drawing Name' input fields.
- ④: Points to the 'Kind of Service/ NK Addressee' radio buttons and dropdown menu.
- ⑤: Points to the 'Classification Groups' dropdown menu.

Below the main form, there is a 'File Name' input field and a 'Submit' button. To the right, there are two smaller inset screenshots showing dropdown menus for 'Kind of Exam' and 'Kind of Service/ NK Addressee'.

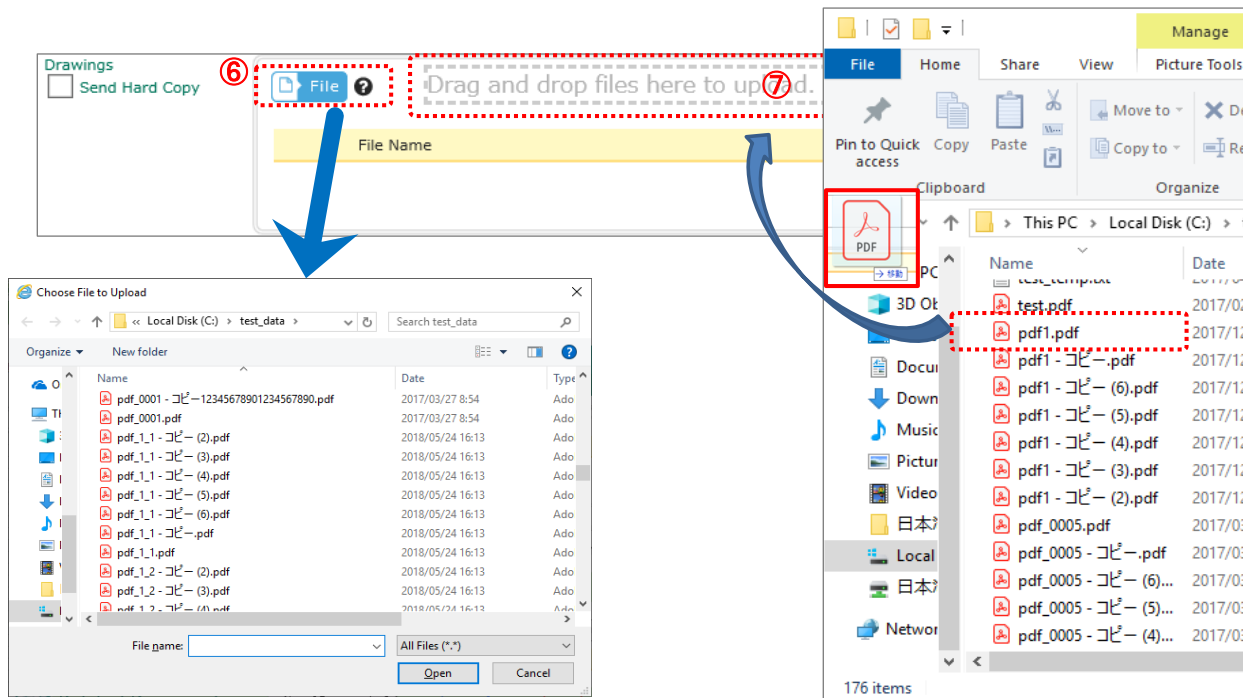

✓ Notes

- ② : “Renewable Energy” is selected.
- ③ : Enter the drawing number and name of the drawing
- ④ : Put a check in the box for Kind of Service and select “Renewable Energy Department” .
- ⑤ : Specify a classification group. Refer to [Specifying a classification group from a list of classification groups](#). [Optional]

STEP 3 Upload the electronic drawing

After entering information on the drawing,

- ⑥ Click on the File button, and select the file to upload and then click on the Open button.
- or
- ⑦ Drag and drop the file in the field

After uploading a file, the file name is displayed. To cancel the upload, click on the delete (-) button of ⑧.

The maximum size of the files that can be uploaded is 800 MB.

Upload may not be possible if security (password lock etc.) is set for the file to be uploaded.

STEP 4 Submit an electronic drawing

Uploading a file alone does not complete the process of submission to NK.

Check the details, and if everything is correct, click on the Submit button, and proceed to the next Confirmation screen.

! If the information entered is insufficient, you will see an error message. Follow the instructions on the screen and then perform the Submit action again.

! If you wish to submit an uploaded file at a later time, click on the Save button to store it temporarily. The file will be in the *Not yet submitted* status.

STEP 5 Enter the information on the Confirmation screen [Optional]

Enter your reference number and other information as needed, and then click on the Submit button. (Input is not mandatory.)

If the submission is completed, you will be redirected to the Drawing Details screen.

! If you wish to withdraw a file that was already submitted, click on the Withdraw button. Note that you cannot withdraw any file that has been accepted by NK.

This is the end of the procedures for submitting an electronic file.

3. Submitting a drawing

3.2 Specifying a classification group from a list of classification groups

✓ Classification groups

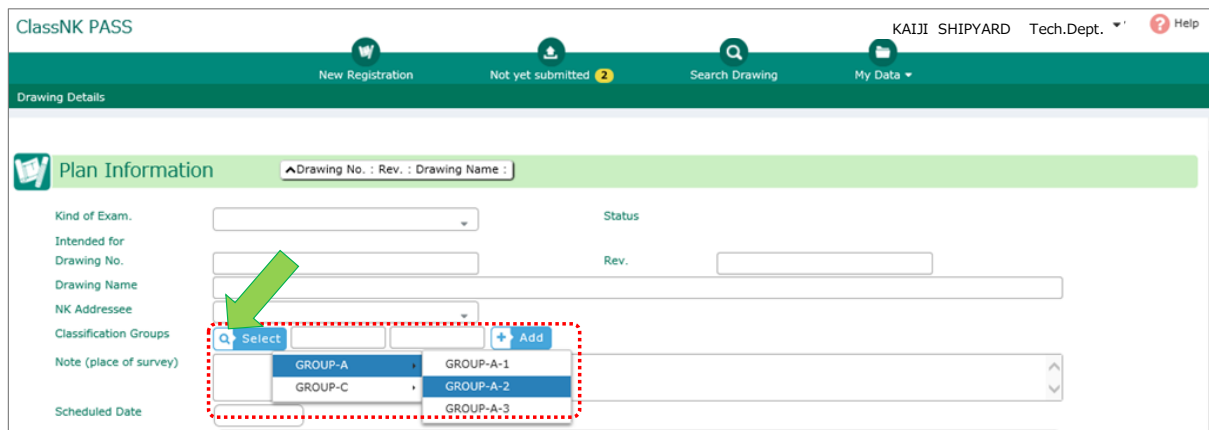

Classification groups are intended to help organize submitted drawings. A maximum of two tiers of classifications may be defined so that drawings may be organized in the structure like a cabinet in the warehouse. If the filing method (or the composition of classification groups) is determined prior to use, users will easily find a past drawing that they will wish to view in the future.

This feature allows users to classify drawings in a structure based on their desired combination of classification groups, such as contract type and product type, product type and model, model and power capacity (or size) and department and team.

For registration of classification groups, refer to [Editing a classification group](#).

STEP 1 Open a list of classification groups

Click on the magnifying glass button next to the Classification Groups' field title. From the list displayed, select the classification group concerned with the drawing to be submitted.

The screenshot shows the 'Plan Information' section of the ClassNK PASS application. The 'Classification Groups' field is highlighted with a red dashed box. A green arrow points to the magnifying glass icon next to the 'Select' button. A dropdown menu is open, showing a list of classification groups: GROUP-A, GROUP-C, GROUP-A-1, GROUP-A-2, and GROUP-A-3.

! The magnifying glass button in the Classification Groups field is only enabled when a classification group is registered.

STEP 2 Check if the selected group is displayed

The screenshot shows the 'Classification Groups' field in the application. The field contains 'GROUP-A' and 'GROUP-A-2'. The 'Select' button and the 'Add' button are highlighted with a red dashed box.

! To change the group, select the desired group from the list. The old group will be replaced with the new selection.

! Click on the Add button to add a classification group.

The screenshot shows the 'Classification Groups' field in the application. The field contains 'GROUP-A' and 'GROUP-A-2'. The 'Add' button is highlighted with a red dashed box.

4. Viewing the status of a drawing

4.1 Viewing the status of NOT submitted drawing

VIEW 1 In the list of Not yet submitted drawings

Click on *Not yet submitted* on the main menu to view a list of drawings that have not yet been submitted, as shown below.

The number of drawings that are currently not submitted is displayed next to the *Not yet submitted* button.

The screenshot shows the 'Drawing Submission' page in the ClassNK PASS system. The top navigation bar includes 'New Registration', 'Not yet submitted' (with a notification icon), 'Search Drawing', and 'My Data'. The main content area displays a table of drawings with columns for 'Status (Scheduled Date / Send Back Date)', 'Drawing No.', 'Rev.', and 'Drawing Name'. Each row includes a checkbox, a 'Copy' button, and a 'Delete' button. The status 'Not yet submitted' is highlighted in red dashed boxes in the original image.

✓ Status

The statuses to be displayed are as follows.

Not yet submitted: The drawing is stored temporarily. After sending information on the drawing that is *not yet submitted*, its status will become *submitted*. (After sending information on the drawing to be newly submitted, the status will become *submitted*.)

Send back - Not yet submitted: The drawing has been sent back from NK.

✓ Send Back Date

For a drawing sent back from NK, the date when it was sent back is displayed next to the status indication of *Send back - Not yet submitted*. Follow the actions for resubmission or other actions.

4. Viewing the status of a drawing

4.2 Viewing a drawing sent back from NK after submission

VIEW 1 From Message on the HOME screen

If any drawing is sent back from NK, a message with “XXXX (name of drawing) has been sent back” will be displayed on the HOME screen.

Click on this message to open the Drawing Details screen.

The screenshot shows the 'HOME' screen of the ClassNK PASS system. Under the 'Message' section, a message from '2019/05/22 19:09 H Hull Department' is highlighted with a red callout box. The message text reads: "「Draw 1」 has been sent back. Please confirm detail information from Drawing Details." An inset window shows the 'Plan Information' screen for drawing 'KADI SHIPYARD 1000', with a blue arrow pointing from the message to this window.

VIEW 2 From the list of NOT submitted drawings

The list of *Not yet submitted* drawings shows any drawing sent back from NK with *Send back - not yet submitted*, followed by the date when it was sent back. Click on the drawing to open the Drawing Details screen.

The screenshot shows the 'Drawing Submission' screen with the 'Not yet submitted' tab selected. A table lists drawings with columns for Status, Drawing No., Rev., and Drawing Name. One row is highlighted with a red dashed box, showing 'Send back -Not yet submitted(2019/05/22)'. The table data is as follows:

5. Searching for a drawing

5.2 Downloading a drawing list

Drawing List

Search results on the screen may be downloaded in Excel format. After entering the search conditions, click on the Search button. View the results on the screen and click on the Drawing List (Excel) button. The drawing list is easy to edit because it is in Excel format.

STEP 1 Search for drawings

On the Search Drawing screen, enter search conditions, and then click on the Search button.

The screenshot shows the 'Search Drawing' interface. At the top, there are navigation buttons: 'New Registration', 'Not yet submitted' (with a count of 13), 'Search Drawing' (highlighted with a red dashed box), and 'My Data'. Below these are several tabs: 'Advanced Search', 'Countermeasure Sheet', 'Comment List (Excel)', 'Drawing List (Excel)', 'Download Notice of Status', and 'Download DWG'. The main area contains various search filters such as 'Drawing Name', 'Drawing No.', 'Type', 'Submission Date', 'Scheduled Date', 'Submitter', 'NK Addressee', 'Submission Status', 'Category', 'Intended for', 'Shipyard', 'Dept./Office in charge', 'NK Status', 'Requested Return Date', 'Returned Date', 'Comments', 'Revision', 'Kind of Exam.', 'Mng. Group', 'Ship Name', and 'Class No.'. A 'Search' button is highlighted with a red dashed box at the bottom right.

STEP 2 Select drawings and output a drawing list

Put checks on check boxes for drawings to be included in the list from among the search results, and then click on the Drawing List (Excel) button.

The screenshot shows the search results table. The 'Drawing List (Excel)' button is highlighted with a red dashed box. The table has the following columns: 'Kind of Exam.', 'Drawing No.', 'Rev.', 'Drawing Name', 'Intended for', 'Submission Status', 'Submission Date', 'Scheduled Date', 'NK Addressee', 'Dept./Office in charge', 'NK Status', 'Requested Return Date', 'Returned Date', 'Comments', and 'Revision'. There are three rows of results, each with a checkbox in the 'Kind of Exam.' column. The first row is checked, and the second row is also checked. The total number of results is 43.

6.4 Registration sub-users / Editing sub-users setting

<What is the sub-user registration function>

This function allows NK-PASS users (hereinafter referred to as “main users”) to register sub-user IDs. This makes it possible to share drawing information with third parties such as external partner companies.

Sub-users are authorized to use the following functions. (Drawing submission / upload functions are not given)

- View drawings submitted by the main user (viewing range can be specified by the main user)
- Download the drawings submitted by the main user (The main user can specify whether or not to download)

Please use this sub-user registration function at your discretion and responsibility after understanding the “Sub-User Service Provision Policy” described below.

“Sub-User Service Provision Policy”

- Only registered NK-PASS users are authorized to provide third parties with access permission to NK-PASS.
- NK-PASS users acknowledge that he/ she uses this service at his/her own risks, and the Society shall have no liability for any loss or damage caused through their use.
- NK-PASS users assume full responsibility for the use and control of Sub-user ID and its password.
- The Society shall not be responsible for any loss or damage caused due to Sub-user ID and corresponding password being used by any unauthorized third party, irrespective of whether such act is intentional or negligent.

STEP 1 Open a screen for editing sub-users

Click on *My Data* in the menu, and click on *Subuser Registration* in the menu that appears.

STEP 2 Add a sub-user

Click on the Add button on the Sub-user List screen, and the Sub-user Service Policy Screen will open. If you agree to the policy, click on the AGREE button. After that, enter the information on the Edit Sub-user screen, and click on the Register button.

The screenshots illustrate the process of adding a sub-user. The first screen shows the 'Subuser List' with an 'Add' button. The second screen shows the 'Sub-user Service Policy' dialog with 'AGREE' and 'DISAGREE' buttons. The third screen shows the 'Edit Subuser' form with 'Select Drawings' and 'Select Group' dialog boxes.

Enter sub-user information

- Expiry Date: Enter the last date on which logging in to PASS as a sub-user is permitted. This field is required.
- Subuser Name: This field is required.
- Password: Enter a string of 8 to 16 characters. This field is required.
- Drawing Access Permission: If *Restricted drawings only* is selected, click on the Select button, mark the check boxes for drawings or for groups of drawings to which the sub-user is given access in the Select

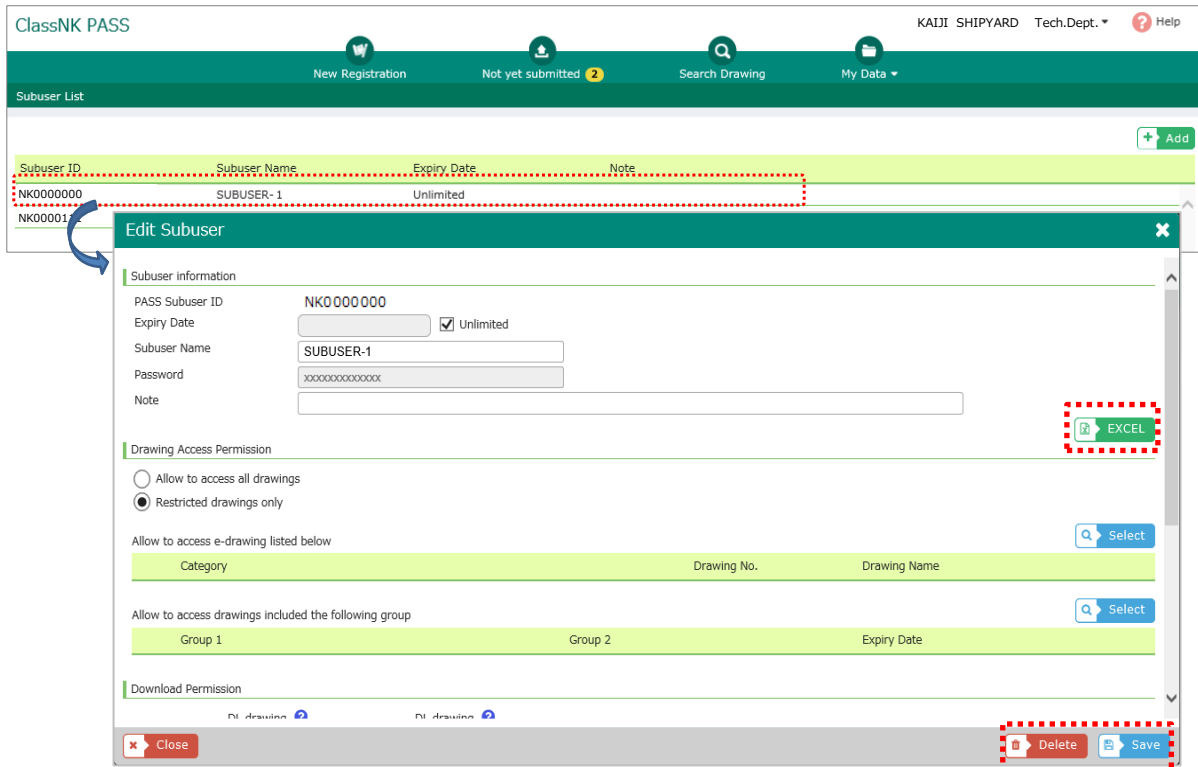

Drawing screen or in the Select Group screen respectively, and then click on the Set button.

Download Permission:

Specify whether or not to allow downloads of electronic drawings.

STEP 3 Edit or delete a sub-user

Click on the sub-user to be edited or deleted, and then execute the editing or deletion process on the Edit Sub-user screen.

After editing, click on the Save button on the Edit Sub-user screen.

In the case of deletion, click on the Delete button on the Edit Sub-user screen.

For downloading a list of drawings that the sub-user is allowed to view, click on the EXCEL button.

After clicking on the button, a dialog prompt similar to the one shown below appears. If you wish to immediately view the list on the screen, click on the Open button. If you wish to save it in the local storage, click on the Save button.
