Title:

Record of Equipment (Form E) for Cargo Ship Safety Equipment Certificate (SE Cert.)

Typical deficiency (outline of comment) by PSC:

“N.A.” is entered in the following items of Form E:

3. Number of motor life boats (included in the total lifeboats shown above)
- 3.1 Number of lifeboats fitted with searchlights

Port State

Country: Israel etc.

Port: Ashdod, Eilan etc.

Action taken by PSC:

~~Detention / Rectify before Departure / Others (Rectify within 2 weeks)~~

Description:

It has been increasingly reported that Port State Control in Israel points out that “N.A.” is entered in the following items of Record of Equipment for SE Cert. (Form E).

- “3. Number of motor life boats (included in the total lifeboats shown above)”
- “3.1 Number of lifeboats fitted with searchlights”

In accordance with our procedures, entry of the above items applies to open type lifeboats for ships constructed before 1 July 1986 (83E Ships).

For cargo ships constructed on and after 1 July 1986 (since 83N Ships), totally enclosed lifeboats (i.e. fitted with motors and searchlights) are required mandatorily and their number should be entered in item concerned (item 2.3-2.5 or 2.7). Thus the above items 3 and 3.1 are NOT applicable. Accordingly, item 3 and 3.1 should be “N.A”. Please refer to Form E as Attachment 1

In case where PSC incorrectly detected the relevant issues against cargo ships constructed on and after 1 July 1986 (since 83N Ships), it is requested to address it immediately by explaining the above regulation.

It should also be noted that for 83E Ships, not all but part of open type lifeboats were fitted with motors and/or searchlights. Hence, total numbers of lifeboats with motors and/or searchlights are to be entered in items 3 and 3.1.

-The End-
