What is **ClassNK e-Certificate** ?

ClassNK e-Certificate provides secure classification and statutory certificates in electronic format (PDF). The service addresses the requirements specified in the IMO guidelines (FAL.5/Circ.39/Rev.2).

It has already been approved by over 50 flag states such as Japan, Panama, Liberia, Marshall Islands, Singapore and Malta, etc.

Since the start of the service in 2017, many vessels of owners / management companies have been registered for the service and operated without trouble.

Major benefits

Available anytime, anywhere

e-Certificates are stored in an online server and available 24 / 7.

One-click Delivery

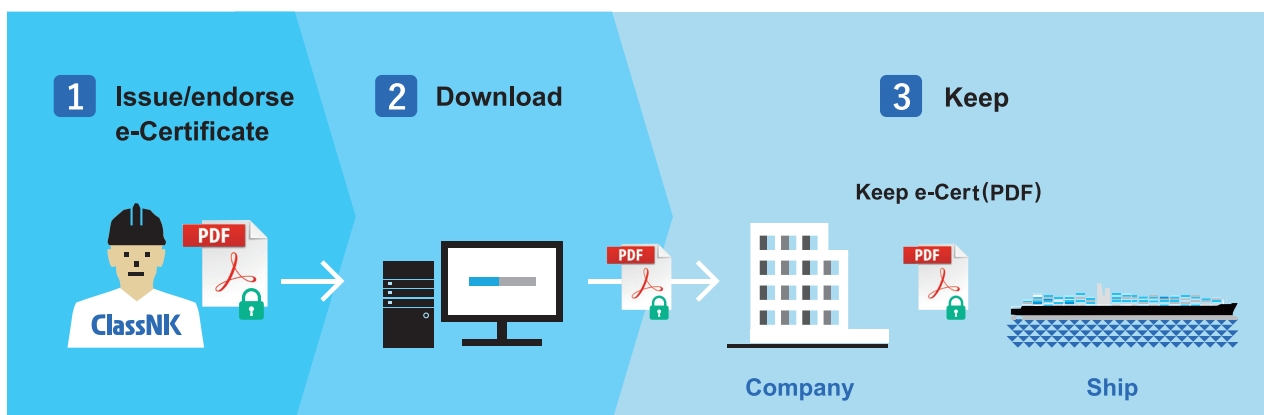

By sending e-mails, you can reduce the costs and burden involved in delivering certificates onboard.

Prevent risks in managing certificates

No risk of lost, damaged, or falsified of certificates.

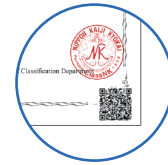

e-Certificate issuance/endorsement flow

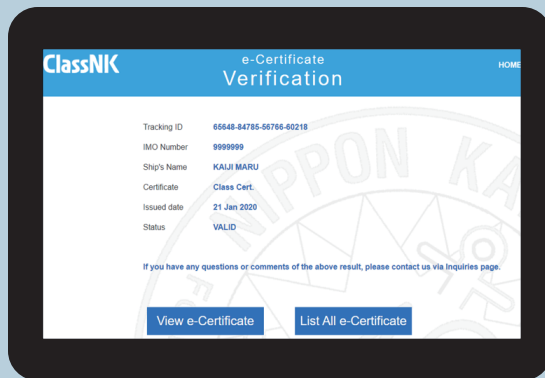

- When an e-Certificate is issued / endorsed, we send out an update notification.
- You can check / download the latest e-Certificate from NK-SHIPS anytime.

Online verification of authenticity

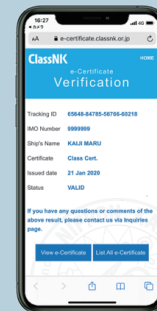

The validity of e-Certificates is easily checked through our dedicated verification page by entering the IMO number and unique Tracking ID on the certificate. You can also check validity by scanning QR Code.

Verification by QR Code.

Verification site on PC

Verification site on mobile device

Issuance of e-Certificate and its cost

Issuance of e-Certificate is NK **standard service**.

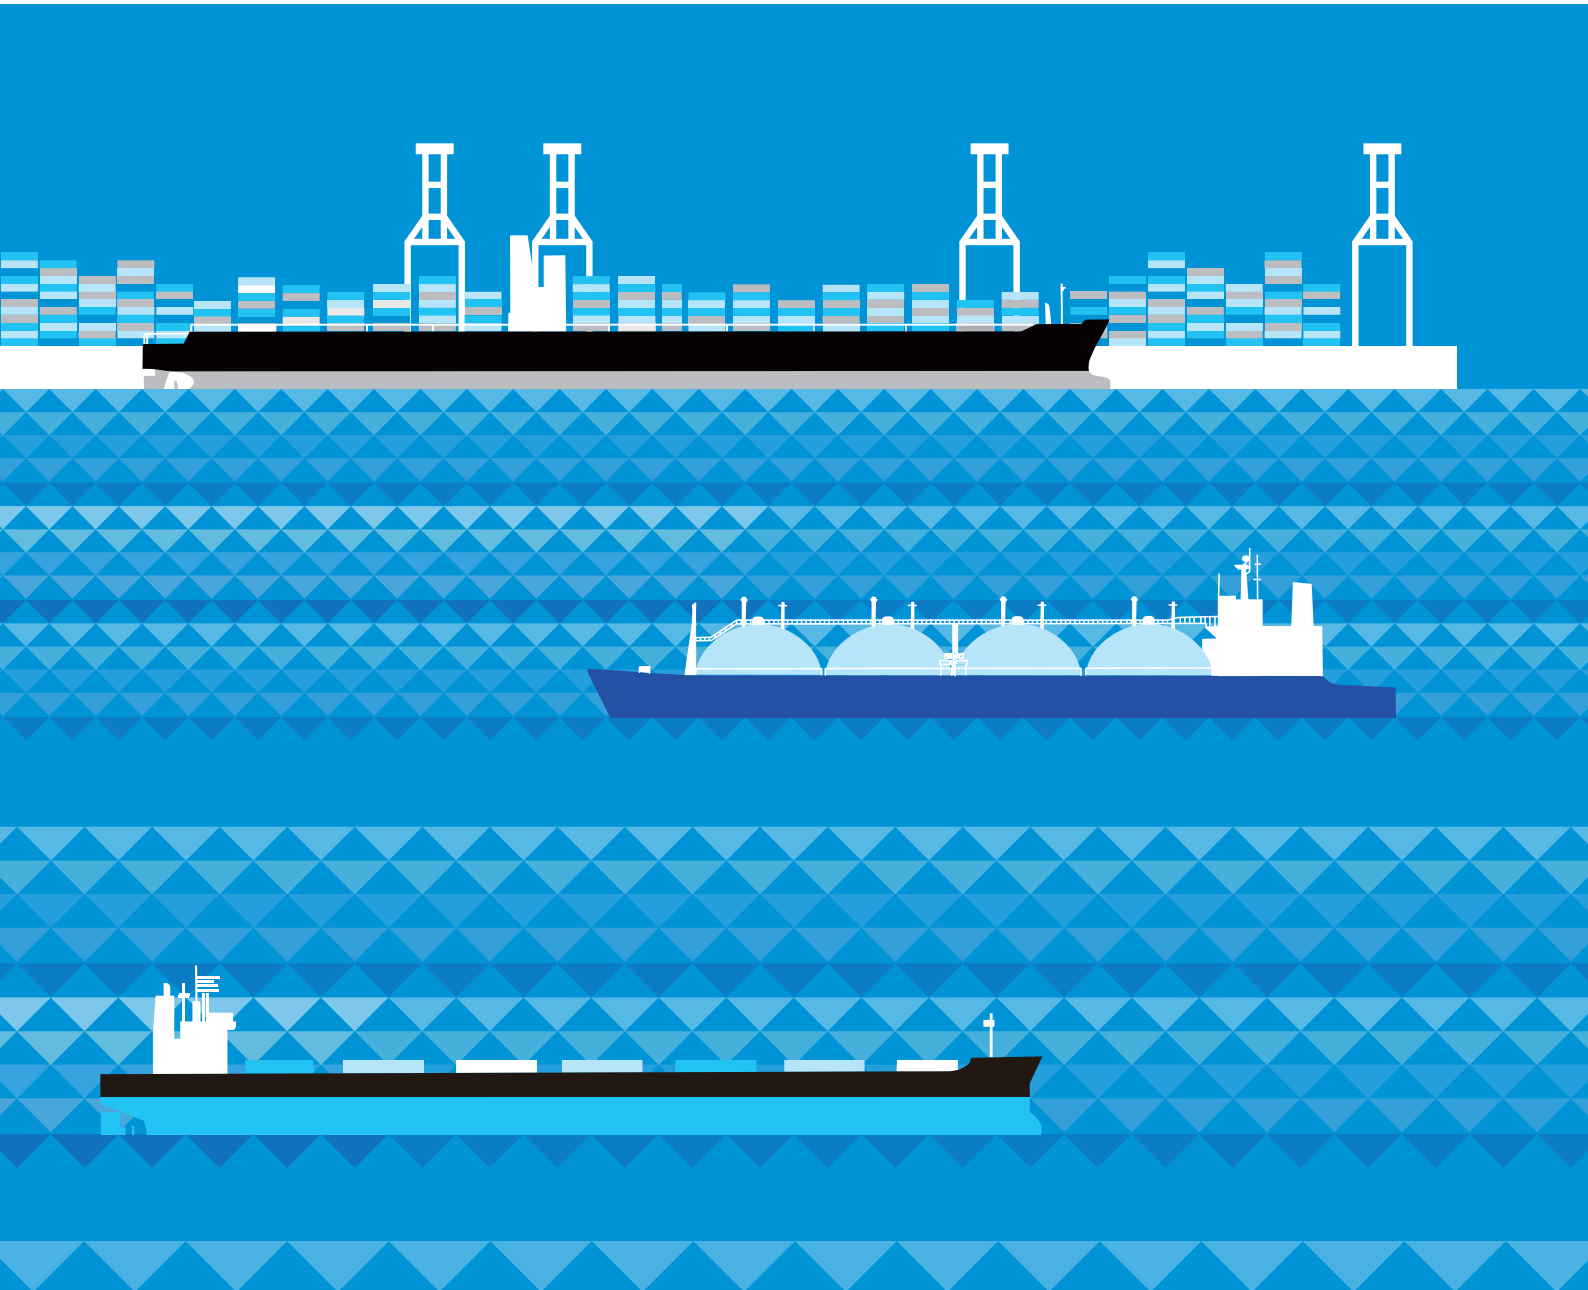

Each certificate is issued as an e-Certificate from January 2022 for **ships whose flag states authorize to issue e-Certificate**.

No application is required and **No extra fee** is charged to use the service.
