Shipping Information Notice – 075(a)

***COVID-19 - Temporary acceptance of alternative procedures
ISM Code Section 12.1 – Internal Safety Audits
(To be read in conjunction with SIN 075)***

To: Ship owners, Operators, Managers, DPA's

In addition to the contents/provisions within SIN 075 for undertaking of Internal Safety Audits past the required interval by 3 months provided within the ISM Code, Section 12.1, as a result of continued COVID-19 restrictions, the Administration will require in respect of Internal Safety Audits intended to be undertaken via remote means, or via the alternative use of ship-board personnel, that associated developed temporary procedures are forwarded to the Administration for review and acceptance prior to the audit being undertaken.

Upon acceptance of the proposed temporary procedures by the Administration, a suitable letter will be provided, which is to be retained together with the Internal audit report and records of ISM activities both on the ship, and at the company premises. The letter will serve as objective evidence supporting the fact that the ISM Internal Safety Audit has been undertaken outside the permissible intervals required by the ISM Code Section 12.1, as agreed by the Administration.

Steve Gomez
Chief Surveyor (Ag)
