SHIP SECURITY ADVISORY No. 01-23

To: Owners/Operators, Masters, Nautical Inspectors, Recognized Security Organizations

Subject: THE NETHERLANDS: SHIP SECURITY PRE-ARRIVAL INFORMATION REQUIREMENTS

Date: 5 April 2023

The Netherlands is enforcing the requirement for the submission of ship security pre-arrival information in accordance with Chapter XI-2/9 of the International Convention for the Safety of Life at Sea ([SOLAS](#)) and Article 6.1 of Regulation (EC) No. [725/2004](#).

All ships to which the International Ship and Port Facility Security Code applies calling at ports in the Netherlands are required to submit the pre-arrival information by using the European Union (EU) Maritime Security (MARSEC) Ship Security Pre-Arrival Form ([MARSEC Doc 0508](#)) through the electronic maritime single window. Records of this information must be kept for the last 10 calls at port facilities.

Failure to submit the required pre-arrival information accurately and on time may result in delays, denial of entry into port, or a security inspection after arriving at port.

The Republic of the Marshall Islands (RMI) Maritime Administrator advises RMI-flagged vessels to comply with these requirements, including, as applicable, in the ports of other EU Member States.

For further information on ship security pre-arrival requirements in the Netherlands, please visit <https://english.ilent.nl/sspi>.

This SSA is evaluated annually by the Administrator and expires one year after its issuance or renewal unless otherwise noted, superseded, or revoked.
