1. Applicability

-1. This procedure sets forth the provisions on the use of certification documents and symbols in product certification operations.

2. Certification Document

-1. Registrants who have received certification of their product shall not reproduce or redistribute the certification document issued by ClassNK without permission.

-2. The certification document may not be copied unduly. In addition, when copying the document, only certification documents with their entirety copied shall be deemed effective, and partial copies of the certification documents shall be deemed invalid.

-3. Registrants who have received certification for their product shall not publish the certification document issued by ClassNK on explanatory materials, print materials such as publicity materials and websites, etc.

-4. Registrants shall guarantee that the requirements described in sections -1. to -3 are followed by themselves and their stakeholders including customers.

-5. If ClassNK recognizes that a registrant has been found or notified to have committed an act that goes in conflict with sections -1. to -3, ClassNK will require the registrant for correction. If the registrant does not comply with ClassNK's requirement within 30 days, ClassNK will take the appropriate measures such as cancellation of certification, announcement of violation, necessary legal procedures, etc.

3. JAB Accreditation Symbol

-1. JAB refers to Japan Accreditation Board.

-2. Registrants may use the JAB accreditation symbol shown in Figure 1 on explanatory materials on the certified products, print materials such as publicity materials and websites, etc. Registrants shall apply to ClassNK if they wish to use the JAB accreditation symbol.

Figure 1 JAB Accreditation Symbol

-3. The ownership of the JAB accreditation symbol shall belong to JAB, and reproduction and redistribution of the symbol are strictly prohibited.

-4. The JAB accreditation symbol shall always be used together with the certification mark shown in Figure 2 for small wind turbine type certification and shown in Figure 2 for wind turbine certification and wind farm certification.

- 5. Registrants shall not use the JAB accreditation symbol in a way that would cause misunderstanding that their organization has been certified or accredited or their management system or processes have been certified.
- 6. When registrant use the certification mark on printed materials and websites, etc., registrant shall use in a manner that does not mislead the public into believing that an uncertified product or wind farm is certified.
- 7. No changes to the JAB accreditation symbol are allowed, including but not limited to changes to the display, font, placement, or color scheme of the symbol, other than the repro provided by ClassNK. Registrants shall not change the ratio of the vertical and horizontal size when scaling the repro.
- 8. If the registrant provides reproductions of repro to subcontractors to produce printed materials and websites, etc., the registrant shall prepare a list of subcontractors and apply to ClassNK.
- 9. Registrants shall require subcontractors to properly manage the copy of the repro for protection and prevention of leakage when permitted by ClassNK to copy and redistribute the repro to subcontractors.
- 10. Registrants using the JAB accreditation symbol shall submit a sample of all print materials and websites on which they have used the JAB accreditation symbol in an annual report submitted to ClassNK every year.
- 11. ClassNK will check the status regarding the use of the JAB accreditation symbol when conducting surveillance of registrants. ClassNK will require correction to registrants if it finds an inappropriate use of the JAB accreditation symbol. If the registrant does not comply with ClassNK's requirement for correction within 30 days, ClassNK will take the appropriate measures such as cancellation of certification, announcement of violation, necessary legal procedures, etc.
- 12. Registrants may use the JAB accreditation symbol only during the period in which ClassNK certifies products by obtaining products certification during JAB's accreditation period.
- 13. Registrants shall promptly dispose all print materials on which the JAB accreditation symbol is used and delete the JAB accreditation symbol from their websites, etc. when the certification has been canceled or terminated. Registrants shall promptly notify ClassNK after completing these steps.

4. ClassNK's Logo

- 1. Only the registrants who have received certification for their product may use ClassNK's logo.
- 2. If registrants wish to use ClassNK's logo, registrants shall request to ClassNK.
- 3. Registrants shall comply with ClassNK's requirements when using ClassNK's logo.
- 4. Registrants shall use ClassNK's logo on print materials and website, etc. in a way that would not cause misunderstanding.
- 5. No changes to ClassNK's logo are allowed, including but not limited to changes to the display, font, placement, or color scheme of the mark, other than the repro provided by ClassNK. Registrants shall not change the ratio of the vertical and horizontal size when scaling the repro.
- 6. If the registrant provides reproductions of repro to subcontractors to produce printed materials and websites, etc., the registrant shall prepare a list of subcontractors and apply to ClassNK.
- 7. Registrants shall require subcontractors to properly manage the copy of the repro for protection and prevention of leakage when permitted by ClassNK to copy and redistribute the repro to subcontractors.
- 8. ClassNK will require correction to registrants when finding inappropriate use of ClassNK's logo. If the registrant does not comply with ClassNK's requirement for correction within 30 days, ClassNK will take the appropriate measures such as cancellation of certification, announcement of violation, necessary legal procedures, etc.
- 9. The ClassNK's logo (Renewable Energy) is shown in Figure 3.
