(Rev.2  
May 2021)

**(SOLAS Reg. II-2/19.2.2-3)**

## Regulation

### SOLAS regulation II-2/19.2.2. reads:

“2.2 The following ship types and cargo spaces shall govern the application of tables 19.1 and 19.2:

.1 ships and cargo spaces not specifically designed for the carriage of freight containers, but intended for the carriage of dangerous goods in packaged form including goods in freight containers and portable tanks;

.2 purpose-built container ships and cargo spaces intended for the carriage of dangerous goods in freight containers and portable tanks;

.3 ro-ro ships and ro-ro spaces intended for the carriage of dangerous goods;

.4 ships and cargo spaces intended for the carriage of solid dangerous goods in bulk; and

.5 ships and cargo spaces intended for carriage of dangerous goods other than liquids and gases in bulk in shipborne barges.”

## Interpretation

Ro-ro spaces include special category spaces (Reg.3.46 20) and vehicle spaces (3.49 19.3.2 and 19.3.3).
