

# **Documentation Form Corrections**

## **Amended Guidance**

Guidance for the Audit and Registration of Safety Management Systems

Guidance for the Audit and Registration of Ship Security Management Systems

## **Reason for Amendment**

At the 80<sup>th</sup> Session of the IMO Maritime Safety Committee (MSC80) in May 2005, Resolution MSC.195(80) and Resolution MSC.196(80) were adopted leading to changes in the form of the documentation issued after the successful audit of Safety Management Systems and Ship Security Management Systems. In response to these changes, the requirements related to this documentation were amended.

In addition, a reorganization of the requirements related to the items listed in the Register Book created by the Society was also conducted in conjunction with these aforementioned changes.

## **Outline of Amendment**

- (1) The requirements related to for the items listed in the documents issued after the successful audit of a Safety Management System are amended.
- (2) The requirements related to the items listed in the Safety Management System Register Book and the Ship Security Management System Register Book are amended.
- (3) The requirements related to a company audit of a Safety Management System are amended.
