

The Hull Structures of Polar Class Ships

Amended Rules

Rules for the Survey and Construction of Steel Ships Part I

Reason for Amendment

IACS Unified Requirements I2 (IACS UR I2) has been introduced in the Rules for the Survey and Construction of Steel Ships Part I, as hull structural requirements for polar class ships intended for navigation in waters such as the Arctic Ocean which are ice-covered throughout the year.

With regard to IACS UR I2, IACS corrected known errors and ambiguities and adopted IACS UR I2 (Rev.2).

Accordingly, relevant requirements were amended in accordance with IACS UR I2 (Rev.2).

Outline of Amendment

The requirements were amended to correct known errors and ambiguities in accordance with IACS UR I2 (Rev.2).
