

# **The Average Mass Per Person for Inflatable and Rigid Liferafts**

## **Amended Guidance**

Guidance for Safety Equipment

Guidance for the Approval and Type Approval of Materials and Equipment for Marine Use

## **Reason for Amendment**

At the 87<sup>th</sup> Session of the IMO Maritime Safety Committee (MSC87), the requirements for liferafts specified in the LSA code were discussed, and Resolution MSC.293(87) was adopted. This resolution amended regulations related to the average mass per person for inflatable and rigid liferafts.

Accordingly, relevant requirements have been amended in accordance with MSC.293(87).

## **Outline of Amendment**

Requirements regarding the average mass per person for inflatable and rigid liferafts have been amended.
