

# **Surveys of Cross Flooding Equipment**

## **Amended Rules and Guidance**

Rules for the Survey and Construction of Steel Ships Part B  
Guidance for the Survey and Construction of Steel Ships Part B

## **Reason for Amendment**

To date, requirements related to the survey of cross flooding equipment have only been specified as special requirements at periodical surveys for ships carrying liquefied gases in bulk and for ships carrying dangerous chemicals in bulk. There are no requirements specified for the survey cross flooding equipment of other kinds of ships.

Therefore, relevant requirements for other kinds of ships have been newly added this time.

## **Outline of Amendment**

Requirements related to the survey of cross flooding equipment at Intermediate Surveys and Special Surveys have been specified.
