

# **Test Certificates for Anchors and Chains**

## **Amended Rules**

Rules for the Survey and Construction of Steel Ships Part L

## **Reason for Amendment**

IACS Unified Requirements (UR) W18 and W29 specify the information that is required to be included on the test certificates for anchors and chains.

The Rules for the Survey and Construction of Steel Ships Part L provides with the information on the test certificates based upon these URs. However, some ambiguities of expressions on that information contain in the Part L, therefore, relevant requirements were amended to clarify the information required by the Part L to be included on said test certificates.

## **Outline of Amendment**

Requirements related to the information required to be included on the test certificates of anchors and chains were amended.
