

# **Machinery Verification Runs in Special Surveys**

## **Amended Rules**

Rules for the Survey and Construction of Steel Ships Part B  
Rules for High Speed Craft  
Rules for the Survey and Construction of Passenger Ships  
Rules for the Survey and Construction of Inland Waterway Ships

## **Reason for Amendment**

Requirements related to Special Surveys are stipulated in Chapter 5, Part B of the Rules for the Survey and Construction of Steel Ships. Although machinery verification runs are required to be carried out at Special Surveys, requirements related to them are stipulated separately in 1.1.9, Chapter 1 of Part B of the Rules.

Accordingly, relevant requirements were amended so that the requirements related to machinery verification runs in Chapter 1 are clearly made reference to in Chapter 5.

Additionally, requirements related to the class surveys of high speed craft, passenger ships and inland waterway ships, excluding those only related to a specific ship type, are specified respectively in the Rules for High Speed Craft, Rules for the Survey and Construction of Passenger Ships and Rules for the Survey and Construction of Inland Waterway Ships. Although these requirements are specified in accordance with the general requirements for class surveys found in Part B, the requirements related to machinery verification runs are unclear. Therefore, relevant requirements in the Rules for High Speed Craft, Rules for the Survey and Construction of Passenger Ships and Rules for the Survey and Construction of Inland Waterway Ships were amended in accordance with Part B.

## **Outline of Amendment**

- (1) Specified requirements in Chapter 5, Part B of the Rules related to machinery verification runs and requirements specified in Chapter 1.
- (2) Specified requirements related to machinery verification runs in the Rules for High Speed Craft, Rules for the Survey and Construction of Passenger Ships and Rules for the Survey and Construction of Inland Waterway Ships.

## **Amended Requirements**

Rules for the Survey and Construction of Steel Ships  
Part B: 5.3.1  
Rules for High Speed Craft Part 2 1.1.5, 3.8.1  
Rules for the Survey and Construction of Passenger Ships Part 2 1.1.8  
Rules for the Survey and Construction of Inland Waterway Ships Part 2 1.1.8, 5.3.1
