

Deletion of Application Forms of Surveys

Amended Guidance

Guidance for the Classification and Registry of Ships

Reason for Amendment

Application forms of surveys are included as an appendix to the Guidance for the Classification and Registry of Ships.

The content of these forms occasionally needs to be amended in accordance with rule amendments and the addition of new survey items, etc. due to the entry into force of new international conventions. And the formalities involved in the amending process, including deliberations by the Technical Committee, can take some time. This means that there may be cases where the forms included in the Guidance are not up to date. The latest versions of these forms, however, can always be found on the ClassNK website and are always available for download.

Therefore, in order to delete the application forms for surveys from the Guidance for the Classification and Registry of Ships, relevant requirements were amended.

Outline of Amendment

Deleted the appendix of application forms of surveys from the Guidance for the Classification and Registry of Ships.

Amended Requirements

Guidance for the Classification and Registry of Ships
Appendix 1
