

# **Heights of Hatchway Coamings and Sills of Doors, etc.**

## **Amended Guidance**

Guidance for the Survey and Construction of Steel Ships Part CS

## **Reason for Amendment**

Mitigated requirements related to the heights of hatchway coamings which have weathertight steel hatch covers and the sills of doors, etc. were stipulated in the NK Rules. The Rules, however, was somewhat unclear as to which cases such requirements may be applied.

Therefore, relevant requirements were amended to clarify those cases in which the heights of hatchway coamings and sills of doors, etc. may be reduced.

## **Outline of Amendment**

Amended requirements to clarify the cases in which the heights of hatchway coamings and sills of doors etc. may be reduced.

## **Amended Requirements**

Guidance for the Survey and Construction of Steel Ships
