

Subject

Application of the Resolution MSC.277(85) relating to clarification of the term "Bulk Carrier", and the instruction from the Bahamas Government on this matter

# **ClassNK**

## ***Technical Information***

No. TEC-1012

Date 14 November 2014

To whom it may concern

ClassNK has received an instruction from the Bahamas Government on the application of the resolution stating "MSC.277(85) is subject to Bahamas Government on case by case basis".

In this connection, please be informed that the Bahamas Government's dealing on TEC-0765 which was issued on 3 February 2009 was deleted.

For any questions about the above, please contact:

Subject

Application of the Resolution MSC.277(85) relating to clarification of the term “Bulk Carrier” etc., and the instruction from the Bahamas Government on this

# **ClassNK**

## ***Technical Information***

No. TEC-0765(Rev)

Date 3 February 2009

(Revised: 14 November 2014)

To whom it may concern

At IMO MSC85 held on 26 November 2008 to 5 December 2008, the Resolution MSC.277(85) “Clarification of the term “Bulk Carrier” and guidance for application of regulations in SOLAS to ships which occasionally carry dry cargoes in bulk and are not determined as bulk carriers in accordance with regulation XII/1.1 and chapter II-1” has been adopted. (Please refer to the attachment.)

The main points of the Resolution are as follows.

1. Ship intending primarily to carry dry cargo in bulk are considered to be bulk carriers regardless of the ship’s transverse section figures. (refer to the item 1.3 in the attachment)
2. Dedicated ships carrying such specific cargoes as woodchips, cement, etc. are not considered to be bulk carriers subject to the means of loading/unloading. (refer to the item 1.5 in the attachment)
3. Provisions have been made to permit ships other than bulk carriers to occasionally carry dry cargoes in bulk. (refer to the item 1.6 and 1.7 in the attachment)
4. Ships falling under the above 2) or 3) are to possess a statement attesting to the application of the relevant provisions. (refer to the item 1.10 in the attachment)
5. The provision of the above 2) is applied to ships the keels of which are laid on or after 1 January 2009. (refer to the item 1.1 in the attachment)
6. The provisions of the above 1) and 3) are applied to ships the keels of which are laid on or after 1 July 2010. (refer to the item 1.2 in the attachment)

As this resolution is non-mandatory one and whether the resolution should be applied or not depends on a decision made by the flag administrations.

Upon receiving an instruction on the application of the resolution from governments, ClassNK will issue a Technical Information continually.

(To be continued)

1. Resolution MSC.277(85)

**Resolution MSC.277(85)**

**CLARIFICATION OF THE TERM “BULK CARRIER” AND GUIDANCE FOR  
APPLICATION OF REGULATIONS IN SOLAS TO SHIPS WHICH OCCASIONALLY  
CARRY DRY CARGOES IN BULK AND ARE NOT DETERMINED AS BULK  
CARRIERS IN ACCORDANCE WITH REGULATION XII/1.1 AND CHAPTER II-1**

THE MARITIME SAFETY COMMITTEE,

RECALLING Article 28(b) of the Convention on the International Maritime Organization concerning the functions of the Committee, NOTING that the 1997 SOLAS Conference adopted chapter XII of the International Convention for the Safety of Life at Sea (SOLAS), 1974 concerning additional safety measures for bulk carriers,

NOTING ALSO that SOLAS chapter XII which entered into force on 1 July 1999 has since been revised by the adoption of resolutions MSC.170(79) and MSC.216(82), NOTING FURTHER that definitions of the term “bulk carrier” exist in SOLAS chapters II-1, IX and XII,

DESIRING to ensure that all Contracting Governments to the 1974 SOLAS Convention implement SOLAS chapters II-1, III, IX, XI-1 and XII in a consistent and uniform manner,

RECOGNIZING, therefore, the need to establish, for that purpose, guidance on applications of, and interpretations to, the relevant provisions of SOLAS,

1. URGES Governments concerned to:
  - .1 apply the provisions of this resolution to bulk carriers as defined in SOLAS and to ships as described in paragraph 1.5 of this resolution the keels of which are laid or which are at a similar stage of construction on or after 1 January 2009;
  - .2 apply the provisions of this resolution to bulk carriers as defined in SOLAS and to ships which occasionally carry dry cargoes in bulk as described in paragraphs 1.3.2, 1.6 and 1.7 of this resolution the keels of which are laid or which are at a similar stage of construction on or after 1 July 2010;
  - .3 interpret the term “*bulk carrier*” and its definition as follows:
    - .1 “*primarily to carry dry cargo in bulk*” means primarily designed to carry dry cargoes in bulk and to transport cargoes which are carried, and loaded or discharged, in bulk, and which occupy the ship’s cargo spaces exclusively or predominantly; and
    - .2 “*includes such types as ore carriers and combination carriers*” and “*constructed generally with single deck, top-side tanks and hopper side tanks in cargo spaces*” means that ships are not considered outside the definition of bulk carriers on the grounds that they are not ore or combination carriers or that they lack some or all of the specified constructional features;
  - .4 note with respect to the above definitions that bulk carriers may carry cargoes which are not loaded or discharged in bulk, and remain bulk carriers while so

doing;

- .5 avoid the inappropriate application of provisions of chapters II-1, III, IX, XI-1 and XII to certain dedicated ship types by excluding from the scope of cargoes deemed, for the purpose of determining ship type, to be dry cargoes carried in bulk:

.1 woodchips; and

.2 cement, fly ash and sugar,

provided that loading and unloading is not carried out by grabs heavier than 10 tonnes, power shovels and other means which frequently damage cargo hold structures;

- .6 permit ships other than those described in paragraphs 1.3 and 1.5 to occasionally carry dry cargoes in bulk, provided:

.1 they are of double-side skin construction (where “double-side skin construction” is as defined in SOLAS chapter XII in relation to bulk carriers);

.2 the freeboard assigned is type B without reduced freeboard; and

.3 they comply with SOLAS regulations as applicable to bulk carriers to the extent indicated below:

<b>SOLAS regulation</b>
Regulation II-1/3-2.2 (Protective coatings of dedicated seawater ballast tanks in all types of ships and double-side skin spaces of bulk carriers) <sup>1</sup>
Regulations XII/6.2, 6.3 and 6.4 (Structural and other requirements for bulk carriers)
Regulation XII/10 (Solid bulk cargo density declaration)
Regulation XII/11 (Loading instrument)
Regulation XII/12 (Hold, ballast and dry space water ingress alarms)
Regulation XII/13 (Availability of pumping systems)

- .7 permit ships of single-side skin construction of less than 100 m in length to occasionally carry dry cargoes in bulk, provided:

.1 the freeboard assigned is type B without reduced freeboard; and

.2 they comply with SOLAS regulations as applicable to bulk carriers to the extent indicated below:

---

<sup>1</sup> Double-side skin void spaces of ships in accordance with paragraphs 1.6 should be treated in the same manner as double-side skin spaces of bulk carriers.

<b>SOLAS regulation</b>
Regulation XII/11 (Loading instrument)
Regulation XII/12 (Hold, ballast and dry space water ingress alarms)
Regulation XII/13 (Availability of pumping systems)

- .8 note that the ships referred to in paragraph 1.6 above are commonly arranged with 'tween decks or have discontinuities of the inner shape of the cargo hold area in the fore and aft region such as illustrated below:

- .9 not consider a ship complying with paragraphs 1.6 and 1.7 to be a bulk carrier but, subject to compliance with the provisions in the relevant paragraphs, allow such ships to occasionally carry dry cargoes in bulk; and
- .10 issue ships falling under the provisions of paragraph 1.5 and ships occasionally carrying dry cargoes in bulk with a statement attesting to the application of paragraph 1.5, 1.6 or 1.7 under the provisions of this resolution;

2. INVITES Governments concerned to bring the contents of this resolution to the attention of all parties concerned.
