

Subject

Compliance with the EU Ship Recycling Regulation –
For Panamanian flagged vessels

ClassNK

Technical Information

No. TEC-1210
Date 2 October 2020

To whom it may concern

This Technical Information is to provide updated guidance for Panamanian flagged vessels on compliance with the EU Ship Recycling Regulation.

By ClassNK Technical Information No. TEC-1207, we announced that

- the handling of the issuance of statement of compliance (SOC) for non-EU flag ships calling at EU member states based on the instructions from each flag state and;
- the following information regarding the ships with the IHM notation affixed to their classification character (ships to which an SOC was issued by ClassNK, not on behalf of the flag Administration).

[Summaries from TEC-1207 related to the ships with the IHM notation]

For ships with the IHM notation, it will be applied at the IHM renewal survey conducted in conjunction with the next class special survey. If new SOCs are needed in advance of the expected period of the next class special survey due to the schedule of the visit to EU ports;

- 1) In cases where after the last class periodical survey major modifications or repairs were conducted, contact our survey site for an IHM occasional survey.
- 2) In cases where after the last class periodical survey no major modifications or repairs were conducted, contact ClassNK Ship Management Systems Dept.-Environment Section.

[End]

Meanwhile, Panama Maritime Authority (PMA) published Merchant Marine Circular MMC-386 regarding IHM for ships calling at EU ports.

According to this circular, for Panamanian ships, the full term Statement of Compliance (SOC) to demonstrate compliance with the Hong Kong Convention and Article 12 of the EU-SRR will be issued by PMA, after receiving the following documents from Shipowners, etc. as proof of survey through the electronic system.

Required documents as per item 6.5 of MMC-386;

- 6.5.1. Interim SOC issued by the Recognized Organization,
- 6.5.2. Part I of the Inventory of Hazardous Materials,
- 6.5.3. Survey Report,

(To be continued)

NOTES:

- ClassNK Technical Information is provided only for the purpose of supplying current information to its readers.
- ClassNK, its officers, employees and agents or sub-contractors do not warrant the accuracy of the information contained herein and are not liable for any loss, damage or expense sustained whatsoever by any person caused by use of or reliance on this information.
- Back numbers are available on ClassNK Internet Homepage (URL: www.classnk.or.jp).

- 6.5.4. Cargo Ship Safety Construction Certificate (full-term),
- 6.5.5. Safety management Certificate (SMC),
- 6.5.6. Payment receipt

In this connection, for the full term SOC for the ships with the IHM notation, please be advised that ClassNK confirmed with PMA that the following measures are accepted.

- (1) Submission of the existing SOC to the Hong Kong Convention not on behalf of the Panama Administration previously issued by ClassNK, as an alternative to 6.5.1 of MMC-386 (i.e. no need to obtain an interim SOC).
- (2) Submission of an addendum letter prepared by ClassNK for each individual ship, as an alternative to 6.5.3 of MMC-386.

The addendum letter (above (2)) for each ship registered with ClassNK is available on "NK-SHIPS", our internet information service, and it can be downloaded by each client. Please refer to the attached document for details on the download procedure.

For ships registered with other than ClassNK, please contact our Ship Management System Department as they are not covered by "NK-SHIPS".

By the above measures, for Shipowners, etc., it is possible to prepare the necessary documents for applying for the issuance of the full term SOC to the Panama Maritime Authority without contacting ClassNK, for ships with the IHM notation (ships to which an SOC was issued by ClassNK, not on behalf of the flag Administration).

Also, the latest information on instructions in relation to the requirement of the EU Ship Recycling Regulation, including the status of the delegation of authority, is available on the following ClassNK website.

Microsoft Internet Explorer or Google Chrome or Firefox is required to use the following ClassNK web services. The website may be inoperable or may not display properly on other browser.

3) Please click "List of ships" on Top Menu of NK-SHIPS

4) Please click (select) the ship name of the menu of the target ship from the list of ships, and click **Certificates** button.

The screenshot shows the 'List of Ships' page. The 'Certificates' button in the top navigation bar is highlighted with a red box. Below the navigation bar, there is a table with the following data:

No.	Ship Name	Class No.	IMO No.	Status	Condition	Flag	Ship Type	ISM Management Company
1	NK MARU No.1	NK 123456	876543			SGP	CONTAINER CARRIER	KAJI SENPAKU
2	NK MARU No.2	NK 234567	8765432	90		JPN	VEHICLES CARRIER	
3	NK MARU No.3	NK 345678	7654321	30		PAN	BULK CARRIER	KAJI SENPAKU

5) Please click the Cert No. (blue color number) of "IHM Report to Panama" in "Others" at the bottom of the screen to open the file and save it on your PC.

The screenshot shows the 'Certificates' page for NK MARU No.3. The 'IHM Report to Panama' entry in the 'Others' section is highlighted with a red box. A callout box points to the Cert No. 943988 with the text 'Click the number'. The table below shows the details of the certificates:

Certificate	HSSC	Kind	Cert No	Expiry Date	Extended	Note	e-Certificate	e-Cert	Issue Date	Last Update
