

Subject

Steel coil loading program of existing dry cargo ships to which Common Structural Rules is applied

# **ClassNK**

## ***Technical Information***

No. TEC-0898  
Date 23 March 2012

To whom it may concern

With regard to information given in ClassNK Technical Information No.TEC-0798 dated 7 January 2010, a calculation program to evaluate steel coil loading methods, which are not summarized in the onboard Loading Manual, is available from ClassNK's website.

Up to now, this calculation program could evaluate steel coil loading methods for the vessels to which Common Structural Rules (hereinafter referred to as the "CSR") is NOT applied.

This time the program has been improved to evaluate steel coil loading methods for the vessels to which CSR is applied.

The above improved program named "PrimeShip\_SteelCoilLoading\_Program\_ver2.00.xls" is available from ClassNK's website. ([http://www.classnk.or.jp/hp/en/download/dl\\_soft.aspx](http://www.classnk.or.jp/hp/en/download/dl_soft.aspx))

For any questions about the above, please contact:
